Ali Raza

Full Stack Developer & Software Engineer

Next.js · React · Node.js · Python · Django · SaaS · CRM · AI Automation

PROFILE

Full stack developer and software engineer based in Lahore, Pakistan, with 3+ years of experience building web applications, business websites and management systems. I work across the full stack with Next.js, React, Node.js, Python and Django, and have delivered 100+ projects for clients in Pakistan, the UAE and the UK — including real estate platforms, restaurant and hospitality websites, POS billing software and clinic management systems. Available for remote, on-site and project-based work with clients worldwide.

EXPERIENCE

Full Stack Engineer
Jan 2026 — Present

AI Merak Tax & Accounting Services · Full-time
United Arab Emirates · Remote

- Developed and maintained business websites as a Full Stack and WordPress Developer.
- Focused on performance, security and user experience across the company's web platforms.
- Worked closely with the team to plan and implement new features and improvements.

Full Stack Engineer
Nov 2024 — Oct 2025

Amica Connect Technologies · Full-time
Lahore, Punjab, Pakistan · On-site

- Built and maintained web applications with a strong focus on Next.js and front-end development.
- Contributed to building and problem-solving across the product as part of the engineering team.

Web Developer
Jan 2023 — Oct 2024

Vital Digital Marketing

- Developed and maintained websites for the company and its clients.
- Built responsive, user-friendly pages and kept sites updated and running smoothly.

SERVICES

- Full Stack Web Development
- Custom CRM Development
- Backend & REST API Development
- POS, Billing & Clinic Systems
- DevOps & Deployment
- SaaS Product Development
- AI Automation & Chatbots
